“A FEW WORDS ABOUT OUR PROJECT”

La Telligraf nasce nel 1979 come azienda tipolitografica, si colloca fin da subito fra le strutture dedite allo svolgimento di un lavoro di alta qualità. Il costante investimento in tecnologia e una ricercata scelta dei prodotti utilizzati, portano in breve tempo la Telligraf a diventare il principale fornitore delle più importanti aziende del territorio.
Il 2004 rappresenta una tappa importante, la Telligraf realizza la nuova sede: uno spazio di oltre 2.700 mq. tra uffici e stabilimento industriale, un team tecnico d’eccellenza e macchinari all’avanguardia fanno di questa Azienda un partner affidabile e oggi come ieri, orientato al raggiungimento dei massimi livelli qualitativi.

Telligraf was born as a tipolitographic company in 1979 becoming from the outset one of the main companies involved in performing high quality work. The constant investment in technology and a selected choice of the products used lead in a short time Telligraf to become the main supplier of the most important companies in the territory.
The year 2004 marks an important step. Telligraf builds the new location: an area of more than 2 700 square meters including offices and industrial establishment, a technical expertise team and cutting-edge machines make this company a reliable partner today, as yesterday, oriented to achieving the highest quality standards.

“WE
BELIEVE
CREATIVITY

CONCEPT & DESIGN

La Telligraf nel percorso di crescita aziendale ha inserito un segmento produttivo che affianca fisiologicamente alla stampa digitale su supporti rigidi anche supporti in bobina, quindi carta da parati, materiali in tessuto, vinilici, adesivi. Questo catalogo vuole rappresentare alcune delle varie soluzioni che si possono utilizzare, nell'arredamento di un abitazione, di un negozio o showroom. Cerchiamo di dare dei spunti grafici con le immagini proposte nel catalogo, ma possiamo anche utilizzare vostre idee e realizzarle negli spazi che vorrete arredare.

In the company's development and growth path, Telligraf included a production segment that orderly combines digital printing on rigid supports with reel supports : wallpaper, fabrics, vinyl and adhesive materials. This catalogue is intended to show some of the different solutions that can be used to furnish a house, a shop or a showroom. Our aim is to offer graphic ideas with the images proposed in the catalogue and, at the same time, we can also use your ideas and customize the spaces according to your furnishing requests.

APPLICATIONS
Perfect for interior design.

STAMPA / PRINTING

Gli inchiostri utilizzati per stampa della carta da parati sono totalmente **GREEN**, garantiti da certificazione AGFA. Le macchine che realizzano le varie rappresentazione di carte, hanno una resa fedelissima al file originale, ovviamente la visualizzazione del soggetto in video presenterà una maggiore luminosità, tuttavia teniamo a precisare che ci può essere una leggera differenza cromatica tra le varie finiture delle carte da parati.

The ink used for wallpaper printing are absolutely **ECOFRIENDLY**, *guaranteed by AGFA certification. The machines that produce the different wallpapers , have a realistic and faithful rendering to the original. Obviously, the displaying of the subject on the screen will be brighter. However we would like to specify that there may be a slight chromatic difference between the different finishes of wallpapers.*

TUTTE LE IMMAGINI PRESENTATE NEL CATALOGO
POSSONO ESSERE MODIFICATE A VOSTRO
PIACIMENTO CON L' AIUTO DI UN NOSTRO GRAFICO.
